BILLING CODE 4830–01–M

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs.

ACTION: Notice of new system of records.

SUMMARY: The Privacy Act of 1974 (5 U.S.C. 552(e)(4)) requires that all agencies publish in the **Federal Register** a notice of the existence and character of their systems of records. Notice is hereby given that the Department of Veterans Affairs (VA) is adding a new system of records entitled ''Patient Representation Program Records—VA'' (100VA10NS10).

DATES: Comments on the establishment of the new system of records must be received no later than December 2, 2002. If no public comment is received during the period allowed for comment or unless otherwise published in the **Federal Register** by the VA, the system will become effective December 2, 2002.

ADDRESSES: You may mail or hand-deliver written comments concerning the proposed new system of records to the Office of Regulations Management (02D), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420; or fax comments to (202) 273–9289; or email comments to *OGCRegulations@mail.va.gov*. All relevant material received before December 2, 2002, will be considered. Comments will be available for public inspection at the above address in the Office of Regulations Management, Room 1158, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays).

FOR FURTHER INFORMATION CONTACT: Veterans Health Administration (VHA) Privacy Act Officer, Department of Veterans Affairs, 810 Vermont Ave., NW., Washington, DC 20420, at (727) 320–1839.

SUPPLEMENTARY INFORMATION:

I. Description of the Proposed System of Records

The primary function of the Patient Representation Program is to serve as a direct channel of communication and mediation between VA healthcare facility management and individual patients, veterans who have applied for care, their friends, their families, VA healthcare providers and members of the community. A VA healthcare provider is anyone hired by VA and working at a VA facility be it a VA medical center (VAMC), Outpatient Clinic or Community-Based Outpatient Clinic. An employee may be full-time, part-time, or intermittent and includes temporary workers. Members of the community include congressional liaisons, veterans service organizations and attorneys. The program functions as the liaison between the patient and the healthcare system, ensures that patients receive entitled healthcare benefits and services in a dignified and compassionate manner, and ensures that healthcare facility policies and practices are in conformance with the VA Patients' Bill of Rights. The program is the primary source for response when veteran patients' expectations are not met within the VA healthcare system. The Patient Representatives' activities cross all organizational lines of authority at the healthcare facilities for the purpose of expressing patient concerns and resolution of patient complaints. Information collected from the program is integrated into the overall quality improvement plans and activities of the healthcare facility. The purpose of the system of records is to establish a repository for the information that is collected to accomplish the purposes described. Records are maintained at the local VA level on behalf of the veteran making the complaint or compliment so improvements may be made at the VA healthcare facility. Patient contacts are coded in order to facilitate tracking of these contacts to show where improvements might be made. Aggregate data are maintained at the Network and Headquarters levels for the development of reports to make systemwide changes. Records are collected and stored electronically for ease of retrieval by individual patient names and ease in compiling aggregate data.

II. Proposed Routine Use Disclosures of Data in the System

We are proposing to establish the following routine use disclosures of information maintained in the system:

1. To a member of Congress or staff person acting for the member when the member or staff person requests the records on behalf of and at the request of that individual.

Individuals sometimes request the help of a member of Congress in resolving some issues relating to a matter before VA. The member of Congress then writes to VA, and VA must be able to give sufficient information to be responsive to the inquiry.

2. To the National Archives and Record Administration (NARA) in records management inspections conducted under authority of Title 44, United States Code.

NARA is responsible for archiving old records no longer actively used but which may be appropriate for preservation; it is responsible in general for the physical maintenance of the Federal Government's records. VA must be able to turn records over to this agency in order to determine the proper disposition of such records.

3. Disclosure may be made to the Department of Justice and United States Attorneys in defense or prosecution of litigation involving the United States,
